Stillness is a source of strength. Waiting in stillness is devotion. With sincerity in your heart, still your mind and remove improper thoughts, then divinity shall manifest. Uphold your faith to face the challenges as you traverse through stormy seas, go forward undeterred and the Lord will come to your aid. With strong confidence and firm beliefs, love will arise from within. With love, truth shall spring forth, peace and bliss shall emerge. Leave all to Sai's wise and gracious disposal. Sai puts you through the fire of trials and tribulations, to cultivate your defence against pain and suffering, and celebrate with singing the song of victory.
