Love one another as I love you. Love one another as I love you.

Can you love one another as I love you?

Can you love one another and can you be true?

If your speech has no sweetness, can your love be true?

If you find fault in others, are you faultless and true?

If no one comes forward, would you go forward too?

Serve those who need you and I love you.

This is the message of our Lord, dear God.

This is the message of our Lord, dear God.

If you love one another, I will love you.

If you serve those who need you, I will serve you.
