The Lord is the exemplar to follow. Stop the pursuit of external objects and cultivate your inner self. Practise introspection to overcome mistakes. Once you discover your true self, there is no more fear. All are one. Lord Sai is the source of life. Why worry when Lord Sai is by my side and in my heart? I do not want to surmise the cause of my suffering, and to plan my journey ahead. I wish to hold His hand in the darkness and walk with Him.
